

STRIPES

by CANYON

Stripes were very present on the runways recently as many famous designers embraced lines as a key pattern for their Spring Summer 2011 collections.

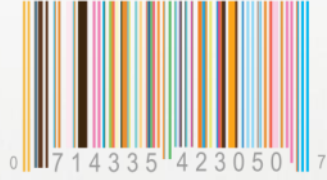

Canyon is bringing the latest trend at a whole new level by introducing a unique lineup of computer accessories with the vertical style. The Stripes edition was designed for fashion-savvy people looking for trendy and sleek computer accessories.

Canyon used a simple and timeless stripes pattern and infused it with fresh and cheerful colors, perfect to take on the new season in style.
