

CANYON

Economy cables

CNR-CCEx

The CANYON's lineup of Value Cables are ideal to optimize the quality and performance of your computer and multimedia equipment, as they offer one of the best price/quality ratio in the market. Choose among computer cables to ensure a secure and fast data transfer with 10/100 Mbps networks, or pick one of our video cables to enhance your High Definition multimedia experience. All cables in our Value line are made of a high quality material as well as with a flexible PVC jacket for enhanced durability. CANYON's Value Cables are functional, user-friendly and easy to install, and offer you the performance you have been looking for.
