

# CANYON

2 M Pixels

## WEB CAMERA

CNR-WCAM420

The CNR-WCAM420 offers a resolution of 2 megapixels which guarantees high video and image quality for excellent Internet communications. This webcam features a face tracking software and a five-layer glass lens which enables 70 degrees of viewing angle. It also has a snap shot button for you to take great pictures while video calling. The CNR-WCAM420 is an easy 'grip' model which enables you to secure the webcam to the LCD monitor of your desktop computer or laptop, but it can also be positioned stably on a flat surface for your convenience. This webcam is compatible with the major instant messaging programs as well as with all Windows versions available including Vista.
